

Benefits of John XXIII

Credit Recovery

We are a RUSD credit recovery site. Students can seek permission from their school counselor to make up lost credit at our center, during our after school program.

Countdown to College-St. Mary's

John XXIII is in partnership with St. Mary's University, to offer 8th grade students the Countdown to College program. Our center nominates 4 students, 2 of which are selected for the program. Students who are accepted to the program must participate in a 2 week summer course, every summer for 9th-12th grade. Students must meet and maintain the requirements set by St. Mary's. If the student successfully completes the program, the student can apply for the 1st generation college scholarship. This scholarship includes: a full-ride all 4 years, food and trips home, and the support from designated St. Mary's staff members.

Mentor Program

Students are able to request a mentor, at our after school program. A mentor is an adult who works one-on-one with students. Mentors and students meet at least once a week to discuss goals, academics, social aspects contributing to their education. Mentors empower the student to stay on track in school and assist them in achieving their goals.
